THE VOICE OF THE HIGHLANDS

HALIBURTON, ONTARIO Thursday, June 8, 1961

THIS WEEK'S PRESS RUN—1806

Established in 1882 as the
Minden Echo & Haliburton Record

The above picture taken at the testimonial banquet tendered Mr. L. A. Boucher by Haliburton county council shows, left to right, Mr. R. A. Sim, new municipal road engineer; Mr. Holly Sisson, warden of County of Haliburton and Mr. L. A. Boucher

Retiring Road Engineer Honored By County Council

On Friday evening the county council held a banquet at the parish hall, Minden, in honor of Mr. L. A. Boucher, Huntsville, who is retiring as municipal road engineer. Mr. Boucher will continue with the Dept. of Highways in an advisory capacity.

Former county clerk, E. A. Rogers, introduced the head table guests who included Mr. and Mrs. L. A. Boucher, Mr. and Mrs. Holly Sisson,

Mr. and Mrs. Ben Weiss, the Rev. Thos. Gracie and George Wheeler.

The county warden, Holly L. Sisson, thanked Mr. Boucher on behalf of the municipalities for his co-operation through the years as municipal engineer.

Mr. Boucher thanked council for the honor that had been bestowed upon him and spoke of the changes that had taken place in the county since he first visited

Minden 30 years ago.

Mr. Boucher was chief surveyor when Highway 35 from the boundary to Dorset was first conceived. He reminded his listeners that while great development had taken place throughout the county "the tourist industry is still in its infancy."

Mrs. Holly Sisson presented a bouquet of flowers to Mr. Boucher and a silver service was presented to Mr. and Mrs. Boucher by Mr. W. R. Curry of Haliburton.

Representative Of Minden, Germany Visits Minden, Ont.

Mr. Walter Kollmeier, businessman from Minden, Germany, was a recent visitor in Minden. Mr. Kollmeier, who met with the Minden council, brought with him an official letter from the mayor of Minden, Germany, which was presented to reeve L. A. Pritchard.

As well a hand tooled coat of arms of Minden, Germany was presented to the reeve and now hangs in the municipal office.

In making the presentations Mr. Kollmeier explained that Minden, Germany was a city approximately the size of Peterboro. He said that perhaps some day Minden, Canada, would be as large as Minden, Germany. He accounted for this by saying his home city was 1,000 years old whereas our village was only 100 years old.

The visitor invited members of council to visit Germany and promised them they would be well entertained. He stated that every two years an eight-day celebration is held and suggested this would be an ideal time to visit his home city.

Mr. Kallmeier was accompanied by three Toronto businessmen all who were formerly from Germany. Jack O. Huebner, general manager of the Melitta Co., Toronto, presented the reeve with a 21-piece tea set his com-

pany imports from Germany. Also in the group was Mr. Egon Friedlaender and Mr. and Mrs. Helmut J. Knaup of Toronto.

After meeting with the council the visitors were taken on a tour of the municipality by the council members. The group visited Pike's Peak and Mrs. K. Soelling at Batt Lake. Later they visited Tallpines inn where they were entertained by Mr. and Mrs. Bob Harvey Jr.

In the evening the visitors were guests of Minden council at a dinner held at the Dominion hotel. Before dinner the reeve, L. A. Pritchard, proposed a toast to the people of Minden, Germany and asked Mr. Kallmeier to take our best wishes back to the mayor and the people of his home city.

In replying Mr. Kallmeier said he would be happy to do this and said he had been most impressed by the scenery of the area and by the hospitality that had been extended to him and his friends.

After dinner the group visited the clergy house where the visitors signed the guest book and were shown through the Minden museum by Norm Maidens.

To end the day they were entertained by Mr. and Mrs. Reg. Booth in their home.

MINDEN MAGISTRATE'S COURT

Three teenagers, charged with having liquor while under age, appeared before Magistrate R. I. Moore in Minden on Thursday, June 1.

Douglas Harvey, 18, and Steven Giles, 18, of Haliburton and James Kirkpatrick, 19, of Lindsay were stopped in Minden by O.P.P. officer Elwood Foster in a car owned and driven by Doug Harvey and found in possession of a case of beer.

All three pleaded guilty. Harvey was fined \$100 plus \$3 costs, Kirkpatrick was fined \$50 plus \$3 and Giles was fined \$75 and \$3 costs.

Gilbert McNeilly of Tory Hill was found guilty of careless driving resulting from an accident in Tory Hill when a car driven by the accused failed to make a turn and went off the road into a creek, barely missing a car approaching the intersection.

He was fined \$25 plus \$35 costs and his license to drive was canceled for six months.

Leslie Alton of Minden pleaded not guilty to causing a disturbance at the home of Archie Walker in Gelert. After testimony of three witnesses stating the argument had started after Mr. Alton had run over a dog belonging to Mr. Walker the accused was found guilty and fined \$50 plus \$39 costs.

John Edward Riel, 23, of Gooderham was found guilty of speeding through the main street of Minden and was fined \$20 plus \$2 costs.

Leave The Fawns Alone

A matter has been brought to our attention by an official of the Dept. of Lands and Forests concerning the picking up of stray fawns.

It would seem that while the mother is away foraging the fawn wanders off usually being attracted to cottages or fishing camps. Often kindly disposed persons start feeding these very young deer and they are loath to leave and can easily become pets.

The doe which has become separated from its fawn is not likely to approach any place where there are human beings with the result that these well meaning individuals, when they leave, take the little fawn with them. This is an offence against the law and punishable by a fine of \$50.

In the past week four fawns have been picked up in the Haliburton area and have been seized by the Dept. of Lands and Forests.

As of yet no charges have been laid but D. R. Wilson, regional forester, announced today that in event of any more fawns being taken charges will most certainly be laid.

\$300 Damage

A lone driver sustained a slight cut on his head and about \$300 damage to his car in a one-car accident near Minden Saturday night.

Provincial police say the car left the road on a curve, on the Kennis Lake road.

The driver is identified as Harold Little of R. R. 1, Haliburton.

TWO STRANGE CUSTOMERS

One morning last week when Reg. Booth arrived at his business known as Minden Boat Works he was little prepared for the sight that greeted him.

Two moose were standing in front of the entrance of his place of business.

They apparently were not boat enthusiasts as they soon ambled away and were not seen again.

The moose population in this area would appear to be on the way up.

Kinsmen Plan Sports Day

A meeting is being held by the Kinsmen club of Minden on Sunday evening in the recreation hall to make arrangements for their annual Dominion day sports program.

Minden has long been noted for the splendid program of sporting events carried out on Dominion Day for many years and the Kinsmen trust that anyone who is interested in promoting the sports day will attend this meeting. You will certainly be made welcome.

Leon Loucks Receives B.Sc.

Mr. and Mrs. Vinton Loucks attended the graduation in Convocation Hall, Toronto, on Thursday last when their son Leon received the degree of Bachelor of Science, chemistry course, with first class honors.

Leon has accepted a position with the Hercules Powder Co. with headquarters at Wilmington, Dela. He leaves on June 15.

RETARDED KIDS ASSN.

PLAN DAY SCHOOL

The Haliburton District Association for Retarded Children held a public meeting in the Legion hall, Haliburton, May 29.

Rev. Brubacher gave a very informative talk on the work shop in Guelph where he had spent three days.

While there groups visited schools for the retarded in Galt, Kitchener and Guelph and he noted the wonderful progress the children make and also the enthusiasm and interest teachers display in these schools.

Mrs. Miller, the health nurse for the county also spent three days in Guelph at the clinic for health nurses. She stated it had been a wonderful experience but had not had time as yet to make a full report.

It was noted at this time there were a possible four or five children in the area not in school, and there were a great many children now attending public schools who were not progressing as they should.

All children would have to be assessed as to I.Q. by a qualified psychiatrist and psychologist in Peterboro or Sick Children's Hospital before the local association would be eligible for a grant on these children.

Mrs. Miller also stated two children from Haliburton county were going to Camp Belwood near Fergus, Ont., for a three week holiday and also that retarded children can be in the Scouts and that there was one such child in Haliburton county now in the Scouts.

A film shown of Camp (Continued on Back Page)

JACK RAE HOSPITALIZED

We are sorry to report that Mr. Jack Rae is back in Humber Memorial Hospital where he underwent surgery on Wednesday.

At time of writing he is reported doing as well as can be expected.

CORRECTION

We are sorry that in writing up the election of the students' council at the high school, that we left out the name of Judy Sisson who was also a successful candidate.

Pen Pictures Of Parliament

by C. W. Hodgson, M.P.

Parliament has moved very slowly this session with much opposition and delay, but since the four by-elections are over (the Conservatives won three of them), speed seems to be the order of the day. Now it looks as though we might finish this session by July.

The new "class or kind" customs tariff bill, forecast in Donald Fleming's "baby budget" presented in the House of Commons shortly before Christmas, is still running into opposition from the Liberals.

Now mooted in some quarters as a possible fulcrum for the lever of a federal general election, the bill went through the Commons in mid-April after sharp debate by a four to one vote. Conservatives voted for it while the Liberals and CCF members joined in opposition.

After being in the Upper House since April 19, where the Liberal senators with their top-sided majority have been attacking it, the bill has now received the second of the requisite three readings. It is now before the senate's banking and commerce committee where representatives of industry, importers and other interested parties have started to testify.

At the time of writing, Conservative and Liberal senators are in a deadlock. Conservatives in both houses have said that the bill has been misrepresented, that its true nature was to help reduce the inflow of imports so as to give greater employment to Canadians, without the denial of any basic rights.

The proposed legislation proposes widening the range of imported goods considered competitive.

The new action chiefly involves an increase in scope of "class or kind" of goods considered "made in Canada," a customs duty field of long and contentious history stretching back decades.

In essence, lower rates of duty apply on imported goods of a "class or kind not made or produced in Canada" and higher protection is afforded those goods which are made here.

Over the past decade, enforcement of this protective device under the Liberals was not of a stringent nature and was not so before the present Conservative administration came into office.

The problem, Mr. Fleming said in his "baby budget" address, is not new, nor one to which he considered there was an easy solution. He even went so far as to imply that the approach of the Liberal government, one of lessening the protection, was inept and mistaken. Fleming put it this way: "Our predecessors in office were, I know, aware of the problem. Indeed the need to do something constructive about it was strongly and repeatedly urged upon them."

The Conservative government, Mr. Fleming stated, was now making a "constructive approach to the problem. In this move, he said, under one important new provision the minister of national revenue would be given summary power, with no appeal from his decision provided, to classify certain imports "as a class or kind" made in Canada thereby bringing such imports under a higher tariff. Hitherto, there was an appeal from the minister to the tariff board or to the courts. It is this clause which the Liberals are particularly hammering.

But the difficulty is that there have been delays of as much as two years in the past waiting for decisions on such appeals to be handed down. Further, when the proposed bill becomes law it will put Canada on the same basis at the U.S. who can change the tariff in short order when any tariff adversely affects their industries. As this new provision will be of benefit to industry in this country, it will also be of benefit to labor.

In the opening public hearings before the senate committee this week, the Canadian Manufacturers Association and the Canadian Electrical Manufacturers Association spoke out strongly in full support of the new bill, while the Canadian Importers Association was against the bill.

Two of the largest electrical manufacturing companies in Canada—Canadian General Electric and Northern Electric—said they were prepared to "move in" new lines of production on the strength of the tariff protection envisioned by the new legislation. Canadian General Electric said it was ready to build steam turbine generators worth up to \$5 millions. Northern Electric said it was prepared to build a \$6 million plant, employing 2,000 people.

BANK OF MONTREAL REPORT

The current outlook for Canadian wheat exports now seems more promising, according to the Bank of Montreal's Business Review for May, just issued.

But prospects for the 1961 fall crop are less assured, the bank says.

The review points out that wheat is affected by international conditions to a greater extent than any other Canadian farm product, and that our exports have been declining in recent years.

In the current crop year, however, sales to our traditional customers have been increasing and the world market situation has become more favorable from Canada's point of view, the bank indicates.

Moreover, under recently signed agreements, the B of M points out, the Chinese have bought just under 60 million bushels of wheat and 29 million bushels of barley this year, with an aggregate value of \$130 million.

An indication of the importance of these sales is given when it is realized that these firm orders from a new customer are equivalent to about 20% and 39% respectively of Canada's annual wheat and barley exports in recent years, the review says.

In all, for the years 1961 through 1963 negotiations with China have covered more than 217 million bushels of wheat and 59 million bushels of barley, the B of M says, and summarizes the outlook for Canadian wheat sales generally as "promising."

The largest sale of wheat ever recorded has been completed by the minister of agriculture effective 1961, 1962 and 1963. This sale will clean up our great backlog of stored wheat.

New Fall Crop
Somewhat less encouraging however, are prospects for the new fall crop, the review says. The area sown to wheat is expected to be about 23.4 million acres, or 1% more than the 1960 figure.

"But while most of the seeding on the prairies has now been completed, the weather has been unseasonably cool and damp retarding early growth.

"Moreover, last fall's dry weather left soil moisture reserves depleted and a good harvest this year will depend on adequate rainfall during the rest of the growing season," the B of M review says.

In Memoriam

Dean—In loving memory of a dear husband who passed away June 14, 1960:

He is gone, but not forgotten, And, as dawns another year, In our lonely hours of thinking Thoughts of him are always near.

Days of sadness still come o'er us, Friends may think the wound is healed, But they little know the sorrow That lies within the heart concealed. —Lovingly and always remembered by his dear wife.

Dean—In loving memory of a dear father who passed away June 14, 1960:

What we would give if we could say

Hello, Dad, in the same old way;

To hear your voice, see your smile,

To sit with you and chat awhile.

So you who have a father, Cherish him with care,

For you'll never know the heartache

Till you see his vacant chair. Lovingly and always remembered

ENGAGEMENT

Mr. and Mrs. Hubert Dunford of Tory Hill wish to announce the wedding of their daughter, Marjorie Constance to Mr. Norman Arthur Forbest. Wedding to take place July 1, 1961 at 2.30 o'clock, Tory Hill United Church.

eight months:
One precious to my heart has gone,
The voice I loved is stilled,
The place made vacant in our home,
Can never be filled.
Our father in his wisdom called
The boon his love has given

EDITORIAL

The Water Issue

AN ARTICLE in this paper taken from the Watchman-Warder leaves us with the impression that the council of the town of Lindsay is not likely to back up the Peterboro city council delegation to Ottawa to oppose Haliburton county's efforts to secure a more equitable deal in the matter of water levels. This is encouraging to say the least.

As we have pointed out before every effort is being made to increase traffic on the Trent Canal and if said efforts are successful under the present set-up this will not be a land of lakes—rather millponds.

Since the early thirties this problem has arisen time and again and those interested in preserving our fishing and water resources have protested to the Department

of Transport who would appear to be a little hard of hearing. Maybe they could do with a hearing aid.

The resolution passed by our Chamber of Commerce and sent to Ottawa requesting that the waters in our many and beautiful lakes be maintained at a reasonable level at all times was long overdue, but it should have the backing of every organization and individual who is interested in the future of the Highlands of Haliburton.

The fact that we are facing a grim battle in order to secure a showdown in this matter should not deter us in the least from putting forth every effort to secure a decent deal in the matter of water levels as the economy of this entire area is at stake on this issue.

Won't Back Peterboro In Water Level Fight

Lindsay is not likely to give its backing to a Peterboro city council delegation which will go to Ottawa to oppose Haliburton's efforts to win higher water levels for the highlands resort area.

Reeve Harry Peirce and councillor Mel DeGroat, who headed a special town committee studying resolutions from Peterboro and Haliburton, both commented on the subject this week.

They did so after Peterboro's city clerk said it was his opinion that both Lindsay and Trenton, as well as other communities, might be willing to add their weight to the city delegation.

Reeve Peirce, commenting in absence of Mayor Joe Holton, who is on a fishing trip, asked: "Why should we support Peterboro?"

He added: "We should look after Victoria and Haliburton counties first. After all, doesn't Peterboro draw its water from Victoria?"

He said he was opposed to any proposal to send Lindsay representatives to Ottawa to help oppose the Haliburton resolution, which calls for a maximum drop of two feet in the water levels.

Councillor DeGroat, on the

other hand, commented: "Both causes have merit. But I don't think Lindsay should stick its nose in on either side."

He noted that 27 power stations were fed off the Trent waters and that this probably would support Peterboro's case.

But he also was opposed to the idea of sending a delegation to Ottawa.

"How do we know what sort of man we would meet—whether or not he would understand the problem?" he wondered.

Mr. DeGroat said he favored inviting responsible transport department officials to come here and study the problem at first hand.

He suggested that they could then also hold a hearing on the spot.

Saying that he felt an amicable solution could be reached, he added: "I am all against people going off half cocked without thinking about the other man's point of view."

Lindsay council recently adopted a resolution requesting the Lake Ontario Development Association to mediate in the dispute between the city and Haliburton.

FOR THE JOB YOU WANT!

CHEVROLET TRUCKS HAVE THE ENGINES THAT ARE **FAMOUS** FOR DOING THE GREATEST AMOUNT OF WORK WITH THE GREATEST AMOUNT OF **DEPENDABILITY** AND **ECONOMY**

Built for rugged hard work, day-in, day-out, Chevy engines have proved they can take it! Chevy's thrifty 6's give top economy all the way... yet have reserve power for that extra pull just when it's needed. Then there's the might and muscle of Chevy's V8's. Here's power aplenty with

the kind of stamina that keeps payloads moving — profits climbing! And all Chevy engines, V8 or 6, are quality engineered for long lasting, reliable service. Whatever your choice of Chevrolet engine, you get proven design — proven dependability — proven economy.

JUST SOME OF THE ENGINEERING FEATURES THAT MAKE CHEVROLET ENGINES FAMOUS THROUGHOUT THE INDUSTRY:

VALVE-IN-HEAD DESIGN

Allows free breathing — easier to service. Reduces down-time and maintenance costs.

SHORT-STROKE ACTION

Reduces piston and ring wear — means longer engine life.

FORGED STEEL CRANKSHAFT

Extra strength and durability — precision balanced for smoother running.

MORAIN BEARINGS

Precision Moraine bearings and forged steel connecting rods for rugged durability and longer life.

PRESSURIZED COOLING

Ensures against overheating on long, tough hauls.

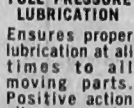

HIGH COMPRESSION RATIOS

Assure full pulling power with regular grade gasoline. Expensive premium grades not required!

A General Motors Value

FULL PRESSURE LUBRICATION

Ensures proper lubrication at all times to all moving parts. Positive action oil pump maintains protective film at all points of friction. Full-flow oil filter keeps oil clean.

GOODERHAM

Some recent visitors with Mr. and Mrs. G. W. Barr were Mr. and Mrs. Fred McKague of Cobocok; Mr. and Mrs. Moore and son Ivan; with Mrs. Hunter, Mrs. Keith Spillenaar, Mr. and Mrs. Spillenaar and Barbara. With Mrs. Hadley, Mr. and Mrs. Harold Morgan and family of Minden, Mr. and Mrs. Chas. Hadley of Rexdale and Mr. and Mrs. John Hallam. With Mrs. Maxwell, Mr. and Mrs. Geo. Maxwell and Judy. With Mrs. Alice Hadley, Mr. and Mrs. John Sheehan, Mr. and Mrs. Don Berg.

Prior to her marriage to Mr. A. McGarrity of Scarborough, a miscellaneous shower was held in honor of Miss Rebecca Carey, daughter of Mrs. Nora Carey and the late Mr. Charles Carey in the Orange hall on Saturday evening, May 13. She was the recipient of many beautiful and useful gifts for which she thanked those present. A pleasant evening was spent by all. Lunch was served. Mrs. Bud Traviss made a beautiful hat with the ribbons. Another shower was held at Scarborough for the bride-to-be.

Mr. Kenneth MacDuff has moved the "Mission" to a lot west of Gooderham where he and his family will reside.

Mr. Laurie Price of Belleville held evangelistic services in the Pentecostal church. He was assisted by the pastor, Mr. Thompson.

Rev. D. Staples of Minden had charge of the services in the United church of Gooderham on Sunday, May 21. Communion was observed. Mr. and Mrs. Fatheringham united with other members. During the baptismal service, Cynthia Louise, daughter of Mr. and Mrs.

EAGLE LAKE

Mr. and Mrs. Wilbert Upton spent a few days last week with their son and his family in Hagersville.

Miss Muriel Allport of Toronto is at her cottage on Eagle Lake.

Week end visitors in the village included Mr. and Mrs. Arnold Sage and children of Peterboro with her parents; Mr. Lawrence Packard and sons of Niagara Falls with his mother; Messrs. Lorne Fry, Grey Sisson, George Kadoke, Jack Besse and Miss June Shepherd; Misses Brenda and Sandra Roberts, Miss Virginia Koster and Mr. Norman Craig, all of Toronto.

The inter-county bowling league held their final meeting of the season at the home of Mr. and Mrs. Walter Besse. The trophy for high score in the play off games was awarded to Lloyd Smith's team from Lindsay and for low score to Walter Besse's team.

Mrs. W. Wood and family of Peterboro are holidaying with her mother, Mrs. Teasdale Sr.

James Manley was christened.

Mr. and Mrs. Ivan Hadley and family of Lindsay visited with Mr. and Mrs. Carl Sisson.

Mr. and Mrs. Delbert Wait and Edward of Newmarket visited with Mrs. I. Wait.

Other visitors were Mr. and Mrs. Blair Hanthorn and family and Mrs. Rev. L. Mintz, Mr. and Mrs. Scott and family of Lindsay.

Mrs. Orvall Hartin is visiting in Port Perry.

Mr. Wm. Kendall is erecting a new cottage on Pine Lake.

ST. GEORGE'S W.A.

The W.A. of St. George's church met at the home of Mrs. Cliff Elstone on Tuesday, May 23. Scripture reading by Miss Williams was from Acts 8:14-17.

Opening prayers were followed by a brief business session and a period of study and discussion.

Plans were made to attend the W.A. deanery meeting at Maple Lake on June 7.

Attention of the members was directed to the wealth of challenging material, inspirational and informative, with photographs of staff and students in the Wycliffe college year book, "Cap and Gown." This volume is of particular interest to Haliburton, the editor being Merv. Everall and business manager Merrill Bailey.

Mrs. Cliff Whittaker invited the members to her home for the next meeting June 13.

THE MINDEN STORY Chapter 11

Another family which contributed to the success of the Minden fair was that of John Cox and Elizabeth Burton of Lincolnshire which adjoins Nottinghamshire and Robin Hood's Sherwood Forest. Their son Thomas Cox appears on Minden's 1878 voters' list on concession 4, lots seven and 13. In 1880 a second brother, Jonathan Cox, settled in Minden township. Five years later a third brother, Joseph, took up land on Mountain Lake although his eventual home was located at a farm near Bethel's historic "church in the wildwood" which the Cox family helped to build.

Both Alfred and William Cox who became directors of the Minden fair were descendants of John Cox of Lincolnshire. It is exciting to speculate that during the crusades one of their ancestors might have worn Lincoln green and served with Robin Hood's men against the foes who threatened King Richard the Lion-hearted on the home front.

The Puffers, for whom the island near the foot of Lake Kashagawigamog is named were located in Minden Township in the 1860's. Three of the family appear on Minden's voters' list of 1878, George Puffer

of conc. 2, lot 7, Isaac Puffer on conc. 3, lot 5 and Thomas Puffer on conc. 2 and 3, lots 6 and 7.

Always active in community service, several members of the Puffer lineage have, over the years, devoted their lives to their church. The first to do so was the Rev. Thomas W. Puffer who was born in 1869 to George W. Puffer and Agnes Willet.

Oral Puffer's decision to devote himself to the Methodist cause was made in the muddy trenches of a European battlefield during World War I when he received the letter bearing tidings of his mother's death.

On receiving his discharge from the army he signed up for a higher calling with the Methodist mission board of Alberta. His work among the pioneers of the Peace River district is still remembered.

During the 1890's Arthur Puffer probably built the fine frame house which commanded such a sweeping view from a hillside north of Minden village on the highway to Haliburton until it was wrecked in the 1950's. Arthur Puffer was at various times school teacher, township assessor and collector of tax revenue.

The Kernohans, Alec, Sam, Andrew and John were not among the first families to settle in Minden. However, an old clipping notes that

John Kernohan was 14 years old when, in 1878, he left Middlesex county to try his fortunes in Haliburton county. Here he chose as his bride Ellen Hogg, the daughter of a Minden pioneer. Most of the Kernohans have been great horse men and few Minden fairs have been held without one of their show teams taking an honored place before the judges' stand.

To win a prize in the fair's staff events either in the cooking, canning or pickling competitions or the needlework and handicraft displays is still a laurel for a home-makers cap quite the equal of a "Good Housekeeping" seal of approval. Yesterday when homemaking was an art every female practised it was the equivalent of a knight-hood.

In this regard a Minden Echo of November 25, 1892 carries this tidbit in its columns, "Mrs. F. S. Burt, who took first prize for home made bread at the recent fall show here, which was made from Rathburn's Diamond bread flour, received an additional prize from the millers of a couple of bags of flour." A modern parallel of this old custom of presenting a bag of flour to the winner of the home made bread contest at the Minden fair exists today.

Every year John S. Hill & Sons general store presents the best cook

with a 100 pounds of their top quality flour.

Ever since John S. Hill Sr., who was such a skilled smith that he continued to ply his trade long after lesser men had retired to a life of ease, settled in Minden, the Hills have played a leading role in their township's destiny. Born at Picton, Prince Edward County, in 1809 to United Empire Loyalist parents, it was not until 1881 that John Hill and his wife and two children, Emma, 18, and John, 14, and a daughter Abigail (Mrs. John Hicks), took up land near Ingoldsby. Silas Hill settled on the old Southby place which was later owned by Wallace Crofts, near Mitstikoska lodge at Lochlin which was owned and operated by John P. Hill.

Harold Hill for many years ran a general store and lumber business at Lochlin and still found time to service on his church board, as a member of the school board and as a representative on the councils of Minden and Snowdon. For three terms he was appointed warden of the county, a post he filled with distinction.

The picturesque little cemetery at Ingoldsby holds six generations of the Hill family whose loyalty to their king during the American revolution cost them so dearly but contributed so much to our Canadian heritage.

MINDEN

A week end guest with her parents, the Ern Hewitts, was Miss Joan Hewitt of Toronto.

Mr. and Mrs. Don Sargeant of Orillia recently visited her sister, Mrs. G. Lazier.

Mr. and Mrs. Gavin Hunter of Toronto spent the

week end with their friends in the village.

Congratulations to the newlyweds, Mr. and Mrs. Dave Sawyer and Mr. and Mrs. Basil Cox who were

married on Saturday.

Mr. Garnet Lazier has gone back to Hydro Glen after a few days at home and Mr. John Rockory is at his home this week.

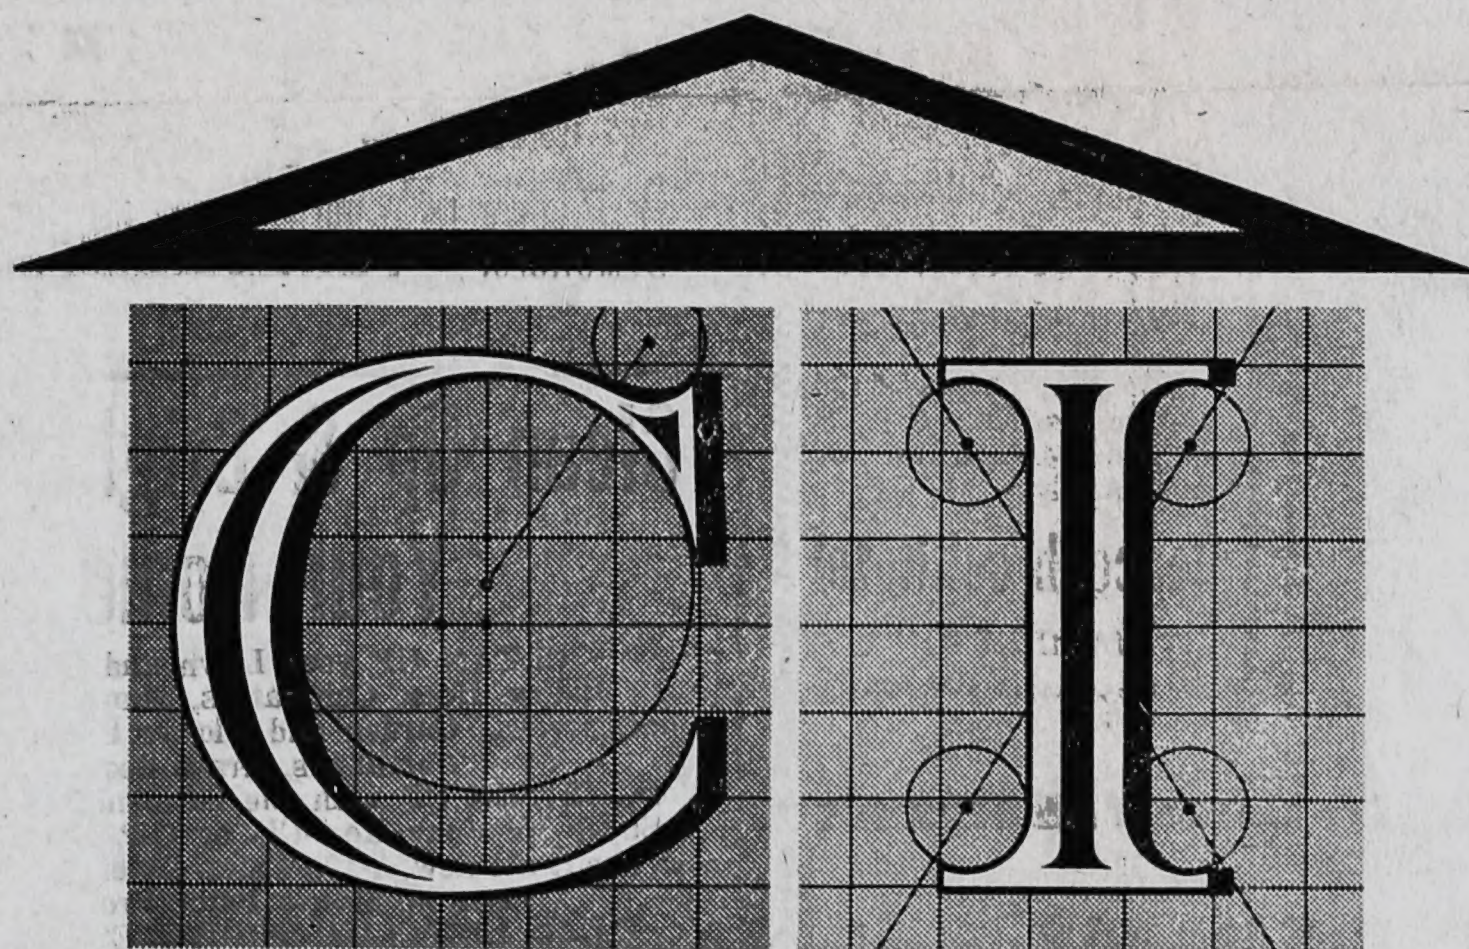

Mr. Robert Lazier has left Ontario for Calgary where he has been transferred by the Gestetner Co.

The county council and their guests enjoyed a delicious banquet at St. Paul's parish hall on Friday evening.

Mr. Harold McKelvey had an operation in a Toronto hospital and all his friends send him best wishes.

Mrs. Ed. Harding is recuperating in Ross Memorial Hospital following an operation last week.

Sunday visitors with Mr. and Mrs. Phil Robinson were Mr. and Mrs. Ernest Voycey of Gamebridge and Mr. and Mrs. Wm. Negus, Jimmy, Michael, Carolyn and Debbie and Mr. Wm. Robinson of Lindsay.

Ratepayers Discuss Water And Sewage

About 70 ratepayers were in attendance at a meeting held in Haliburton on Monday evening when the matter of waterworks and sewage disposal came up for discussion. A number of other ratepayers, who are no doubt concerned about the critical hockey situation below the border were unable to make an appearance.

Reeve Holly Sisson, who was chairman of the meeting explained the reason the meeting had been called, remarking that we all knew that some action must be taken in this connection owing to the ever increasing danger of pollution of waters bordering congested areas such as Haliburton village.

This matter had been under consideration of council for some time past and it was when William Emmerson was reeve that a preliminary survey had been made in connection with water and sewage in the village.

Reeve Sisson then introduced Messrs. Sharpe and Kay of the Ontario Water Resources Commission who he said would explain the necessary steps that would have to be taken prior to the installation of waterworks and sewage systems. The reeve stated that a question period would be held when anyone could question the speakers regarding these matters.

Mr. Sharpe was the first to address the meeting and he made it very plain that he was not here for the purpose of selling us either a water or sewage system but to give an outline of what assistance in the way of finance that we might expect from the OWRC. In the modern way of living, said the speaker, people had come to look on the matter of a constant supply of pure water as a necessity. Our citizens also expected to live in a community where there is no danger of pollution of water in lakes or rivers. Mr. Sharpe stated that the Ontario Water Resources Commission had been established in order to assist municipalities and villages in the financing of water and sewage services.

In answer to questions the speaker stated that the OWRC, subject to the municipal board, would loan the municipality money required for financing water or sewage on a 30 to 40 year basis and he gave it as his opinion that the designated area outlined in the preliminary survey would have to pay \$20,000 per year for a waterworks system.

The majority of those present expressed the opinion that sewage was the prime need of the main street area at the present time.

Mr. Kay stated that while waterworks was usually installed first we would have to decide whether it was water or sewage as our present financial status would not allow us to install both systems at once.

In the matter of sewage it was stated that the federal government would underwrite 25% of the cost and providing excavating could be done under the winter works program 75% of the labor would be borne jointly under federal and provincial authorities.

Out of the number of ratepayers present only two spoke against the idea of sewage and while we know that these things must and will come we admire a man who will get on his feet and say what he thinks rather than sit at home and gripe.

The next step to be taken in this matter is for a survey to be taken in order to ascertain the cost of sewage and water systems. This would cost approximately \$1,000 and in the opinion of the majority at the meeting this should be done without delay.

One thing is sure, that pollution is bound to come if some corrective measures are not taken and if we are forced by health reasons to install water or sewage two years hence, it will cost a lot more than if we do it now.

In Minden it would appear that water is the big problem and we noticed that reeve Pritchard and deputy reeve Brandon of that town were interested spectators at the meeting.

Citizen's Rally At S.A.

The familiar strains of the tune "Rimington" played by the Haliburton Legion Band ushered in the citizen's rally held in the Salvation Army hall on Sunday afternoon.

Many interested friends gathered to commemorate the 52nd anniversary of the Haliburton corps.

Visiting Salvationists included Mrs. R. Braund and Miss C. Routley of Peterboro, who contributed to the musical program. Capt. Baden Marshall, a former commanding officer of the corps was the guest speaker.

Capt. W. Kerr at present in charge, gave greetings and introduced the reeve, Mr. Holly Sisson, who in a few well chosen words commended the Army for the part they had played in the community during the past years. Quoting I Timothy he stressed the fact that he personally admired the strength of faith held by the Salvation Army.

Spring Follies In Rehearsal

Forty-two girls of the Minden area, ages 2½ to 13 years, under the direction of Mrs. Joy Strong, are working hard at rehearsing their parts for the forthcoming variety concert "Spring Follies of 1961."

Perhaps those of you who attended a performance last year well remember the fresh and appealing talent displayed by the girls along with the music, colorful costumes and decorating.

The show consists of a musical pageant, excerpts from Snow White and the Seven Dwarfs, a musical play, also dances and songs by individuals and groups.

A lot of work has gone into the preparation of this show and it is well recommended to all who enjoy watching intelligent youngsters who have been well taught and rehearsed.

Proceeds are donated to the church.

REV. ARTHUR ROSE
dynamic young evangelist, pastor and teacher, member of the Tom Rees "Mission to Canada" team that is now touring Canada, will be the main speaker at an evangelistic rally held in the Beaver theatre in Minden on April 20.

The rally will also feature community singing, evangelistic choruses and a guest soloist.

All the people of Haliburton county are invited to attend.

Letters To Editor

Dear Sir:

I was quite surprised and shocked to read Mr. Ken Banton's letter in the Echo April 6.

What the Minden council did was in appreciation of what our Scenic Highway 35 Assn. is doing and what they intend to do. The same contribution was received from the Stanhope council, without solicitation. So we must be making our presence felt in this part of our vacationland.

First I must inform your readers that our Association and most of our members are also members of the Chamber of Commerce. Secondly, we have signs coming out of Huntsville and Algonquin Park and in the near future a big attractive sign south of Lindsay, all inviting people to travel Highway 35 into the Highlands of Haliburton. Thirdly, we mail our folders to all points of entry and other prospective tourist and travel agencies and fourthly, we promote a "Maple Syrup Week," the first week in July and "Round Up Week" the latter part of August in an effort to lengthen our season. To finish our activities this year, we are going to have several attractions for Haliburton's "Festival of Color." In addition to these projects there will be some 2,000 bumper stickers used this summer reading "Travel Scenic Highway 35—Haliburton Highlands, Ontario."

Why Mr. Banton should choose to find fault with our Association or our municipal council for encouraging us in our promotional activities is beyond understanding. If our so called "scenic highway," as Mr. Banton calls it, was in Muskoka we would probably have gotten \$1,000 and if it had been in Florida we would have been asked to take \$10,000.

If the wisdom of our municipal council and the imagination of our citizens is to be governed by the attitude expressed by Mr. Banton, then we all stand a slim chance of getting our share of Canada's tourist dollar.

Respectfully,
Bob Harvey Sr.,
President, Scenic Hwy. 35 Assn.

Minden Monarchs Even Series

Despite the fact they were short handed, Minden Monarchs succeeded in defeating the Sutton Greenshirts 8-7 in a bristling hockey contest played in Uxbridge on Tuesday evening of this week.

This game was the third of the best of five series for the championship of the tri-county league. Sutton won the first game by a score of 10-9 while the next game was a draw being called after 10 minutes of overtime.

The fourth game, which should attract a large crowd, will be played in Bobcaygeon Saturday evening.

A Word To The Wise

If you happen to run across an advertisement which reads "make a living in your own home," or a similar notice, beware, because if you fall for any such advertisement all you will receive is experience—which will leave you with a bitter taste.

We are sorry to relate that despite a careful sortation of notices of this nature we have been running an advertisement which, we are informed, is very much on the shady side. In fact one lady parted with \$2. This by the way was the initial payment required to get you on the way to fame and fortune.

However, she became suspicious when the next letterhead she received bore a different post office box number and she contacted the Better Business Bureau who warned her against this particular firm.

Every week newspapers are sent such advertising and most of it is consigned to the wastepaper basket but the odd one gets by as it did in this case. However, as far as we can learn in this instance, no one was taken in very badly.

No matter which periodical, even in church papers, if you are confronted with such an advertisement—investigate before you invest.

Stanhope Council

The following are the minutes of the April 5 meeting of Stanhope council with all members present.

Moved by John Broderick, seconded by Allan Sisson, that the minutes of the previous meeting be adopted as read. Carried.

Moved by Alex Hewitt, seconded by Allan Sisson, that the correspondence be filed for future reference. Carried.

Moved by Wm. Cowen, seconded by Alex Hewitt,

(Continued on Back Page)

Fur Sale At Haliburton

The Haliburton Trappers' Association held its fourth and last fur sale of this season at Haliburton, Wednesday, April 5, 1961.

Prices were far better than expected by the trappers, total buyers' receipts being \$4,765.

Top price paid for beaver was \$27 and top otter brought \$34.

This season the trappers have sold at Haliburton a total of \$33,765. This is surely a great advance in the total of furs marketed under this association from last year.

Plans are now being made by the club for its annual meeting and all members will be notified in the next 10 days.

HALIBURTON NEWS LETTER . . .

Haliburton is to have a radio transmitter. How successful it will be remains to be seen, but county residents should receive better reception from a Toronto CBC radio station, which does not provide anything like desirable reception in this area. We understand that the transmitter is made possible by the cooperation of the Canadian National Railways and the Dysart Municipal Telephone System.

If you have anything even though it may not be of much value to you, don't discard it. The Haliburton Rotary Club, who had a most

successful auction of such articles last summer are planning another one in the near future and will be calling on you in this connection.

Something you may consider of little worth may be of value to the other fellow. Further details regarding this event will be available shortly.

AWAKE TO THE LIGHT
 Awake to the light of this
 holy day,
 As the sun rises up in the
 east;
 Gaze on the lilies of the field,
 Travel your way in peace.
 Remember the child at the
 Saviour's knee,
 The lamb lost afar in the
 field;
 A man who was blind, and
 longed to see,
 By the touch of His hand
 was healed.
 Cast not a stone on the wa-
 ter,
 Its ripples come back to
 shore;
 To all who are tired and
 feary,
 Hold open the welcome door.

—Ann Cummins.

CHANGES IN PARKS REGULATIONS ANNOUNCED

Campers and others using provincial parks facilities are asked to note several amendments of regulations under the Provincial Parks Act made recently, and which will be in effect this year.

The annual vehicle entrance fee has been increased to \$3 per vehicle. This permit allows entry into all provincial parks in the province, including parks operated by the St. Lawrence Development Commission, throughout the entire season.

The cost of the daily permit, which is good only for the day of issue, will remain at 50 cents per vehicle. Campsite fees for 1961 will be on the basis of \$1 per day for each day of occupancy. The weekly flat rate for camping has been cancelled.

At present provincial parks in the Lindsay forest district are partially or completely closed due to the soft road and ground conditions. Following the spring run-off and after a short period to allow for the drying of the grounds, the parks will be re-opened for use of and enjoyment by the public.

HELPING PARENTS IN DESPAIR

Next spring in a classroom of the Ontario Agricultural College in Guelph, a special prayer will be said, and school will begin.

It will be an unusual school, called for the first time in its way, it will make history in this province. Its students will be the rural parents of mentally retarded children.

For three days, May 23, 24 and 25 the parents will be instructed in an intensive but practical home training course for their children.

The project is sponsored by the home care committee of the Ontario Association for Retarded Children, and is designed to help rural parents whose mentally retarded children are isolated from the services available in larger centres.

Its purpose is to help parents who, on their own, struggle gallantly but often in despair with the problems of raising a mentally retarded child.

Parents will learn songs and handicrafts to teach a child whose mental age has not kept pace with that of the normal youngster. They will learn daily routines. One afternoon will be given to demonstrations of how to set up a school in the home, speech training and feeding. Instructional films will be shown. The parents will visit schools in Guelph, Galt and Kitchener to observe training programs.

A panel including a mother, a father and a teenager will discuss what it is like to live with a retarded child. Discussion groups will pool ideas on discipline, companionship, how to fit the child into the family and emergency care. Parents will hear of sheltered workshops, of government assistance and problems of guardianship for the older retarded person.

The learning ability of the mentally retarded child is most advanced at the age of three, it has been established. From that age on, the learning ability deteriorates unless the child is constantly given training. For this reason, the home care committee is anxious to reach rural parents of young, as well as older, mentally retarded children.—Kay Kritzwiser.

LUTTERWORTH COUNCIL

Lutterworth council meeting was held Wednesday, April 5, 1961 at 7:30 p.m. at the residence of Messrs. John and Ws. Hounsell with all members present. Also in attendance was Mr. Dean Leary, road superintendent.

The minutes of the March meeting were read by John Hounsell.

Moved by Roy Brooks, seconded by John Harrison that the minutes of the last meeting be adopted as read. Carried.

Various correspondence received since the March meeting was read by the clerk. An answering letter from the Dept. of Highways with regard to taking over the Deep Bay road (from Moore's Falls to Minden) as a secondary road stated there would be a short delay as Mr. Boucher was on holidays. His reply could be expected upon his return later this week, and full co-operation could be expected from both Mr. Boucher and Mr. Simm in this matter.

Moved by Art Hodgkinson, seconded by Oliver Greer, that the auditor's report as read by the clerk be accepted. Carried.

Moved by Oliver Greer, seconded by Roy Brooks, that accounts amounting to \$889.74 (including auditor's fee) be paid. Carried.

Moved by Roy Brooks, seconded by Art Hodgkinson, that Mr. Harry Burns' application for a hydro permit be accepted. Carried.

Mr. Art Hodgkinson and Mr. Roy Brooks, the planning committee, brought up the subject of the new municipal building. Mr. Hodgkinson presented plans, and a very nice drawing of the finished project. All councilmen agreed this would meet the requirements of the municipality. There would be a clerk's office and council chamber, waiting room, washroom, vault and heating system.

Further plans are being discussed as to the cost of materials and erection. All are in favor of proceeding with this project as soon as possible. As the building site is already owned by the municipality it would be a considerable saving, and it is accessible the year round.

Moved by Art Hodgkinson, seconded by Oliver Greer, that the meeting be adjourned until 7.30 p.m. May 3, 1961.

DONALD

Mr. Wm. Emmerson attended the meeting of the District Lumbermen's Association in Cobourg on Wednesday last.

Miss Barbara Pasquino has returned to Toronto after spending her Easter holidays at home. Miss Marilyn Price of Toronto was a guest over the week end at the home of Mr. and Mrs. Ralph Pasquino. Marilyn and Barbara are teachers at the John Leslie school in Scarboro.

Congratulations to Mr. and Mrs. Bruce Cowen on the arrival of a son at the Red Cross hospital in Haliburton on Easter Sunday, April 2, a brother for Linda and Brenda.

Mr. John Pasquino and three friends from Peterboro were ice fishing on Koshlong Lake Saturday. Mr. Ralph Pasquino was one of the party and he was fortunate to land a good sized fish.

Mr. and Mrs. Cecil Robinson and family were visitors to Bancroft on Sunday.

Our school teacher, Mr. Fred Weaver spent his Easter holidays at his home in Morewood, Ont. Mr. Weaver's mother returned with him and is staying with Mr. and Mrs. Allan Francis.

A GENERAL MOTORS VALUE

TRACTION APLENTY

FOR THOSE OFF-TH-TRACK ROADS

That favorite fishing hole hard to get to? Not with Corvair! The engine in the rear is the big reason—traction where it makes a difference! It lets Corvair step lightly over many boggy Spring roads which would stop other cars cold. Yes, this is the car for the backroads as well as the highway. Built to take you where the big ones bite!

SPACE APLENTY

FOR THE FAMILY AND THEIR FUN GEAR

Everyone loves the Corvair Station Wagon. There's family room for children's restless ways, a bulky assortment of "prized possessions" and the family pet. That's the kind of room that keeps parents happy, too... makes a sunny afternoon drive *real* pleasure! And when it's vacation time, Corvair shows an enormous appetite for bag and baggage. Try it for size!

"GO" APLENTY

FOR PERFORMANCE THAT'S TRULY CANADIAN

A snap in the air and hunters head for the bush... in the car that's just as at home here as in a shopping centre. Corvair stands up to all demands... backs up its promise of performance through a unique Unipack Power Team that joins engine, transmission and axle in one highly efficient unit. "Go?" You've got it in Corvair!

SAVINGS APLENTY

TO GIVE YOU FUNDS FOR FUN

Corvair cuts the cost of fun down to size! It does it with its gas-saving ways — with its completely self-sufficient cooling system. So when there's a skiing weekend ahead—or any other part of the social whirl—just lay out pennies for transportation... save the rest for fun!

A wonderful companion
in a whole new
world of fun...

M.P.'s Vision, Forethought Shaping Tourism Into Big Canadian Industry

The big news that \$1 million will be spent in the construction of a new hydraulic life lock at Fenelon Falls has skyrocketed into bigger news — \$3 million will be spent in overall improvement of the Trent canal system, commencing October 1 this year with completion July 1, 1963.

So disclosed Clayton W. Hodgson, M.P., in a chance Easter holiday interview with Lindsay newsmen.

Thus through the vision and forethought of the member for Victoria and Haliburton the great inland waterway, the Trent-Severn system is shaping tourism into the greatest industry in Canada.

"I have worked towards this end since 1945 and my efforts are now paying off," declared Mr. Hodgson, beaming with a sense of accomplishment and satisfaction.

Mr. Hodgson, while in service with the Board of Transport, seized every opportunity of promoting the great waterway potential.

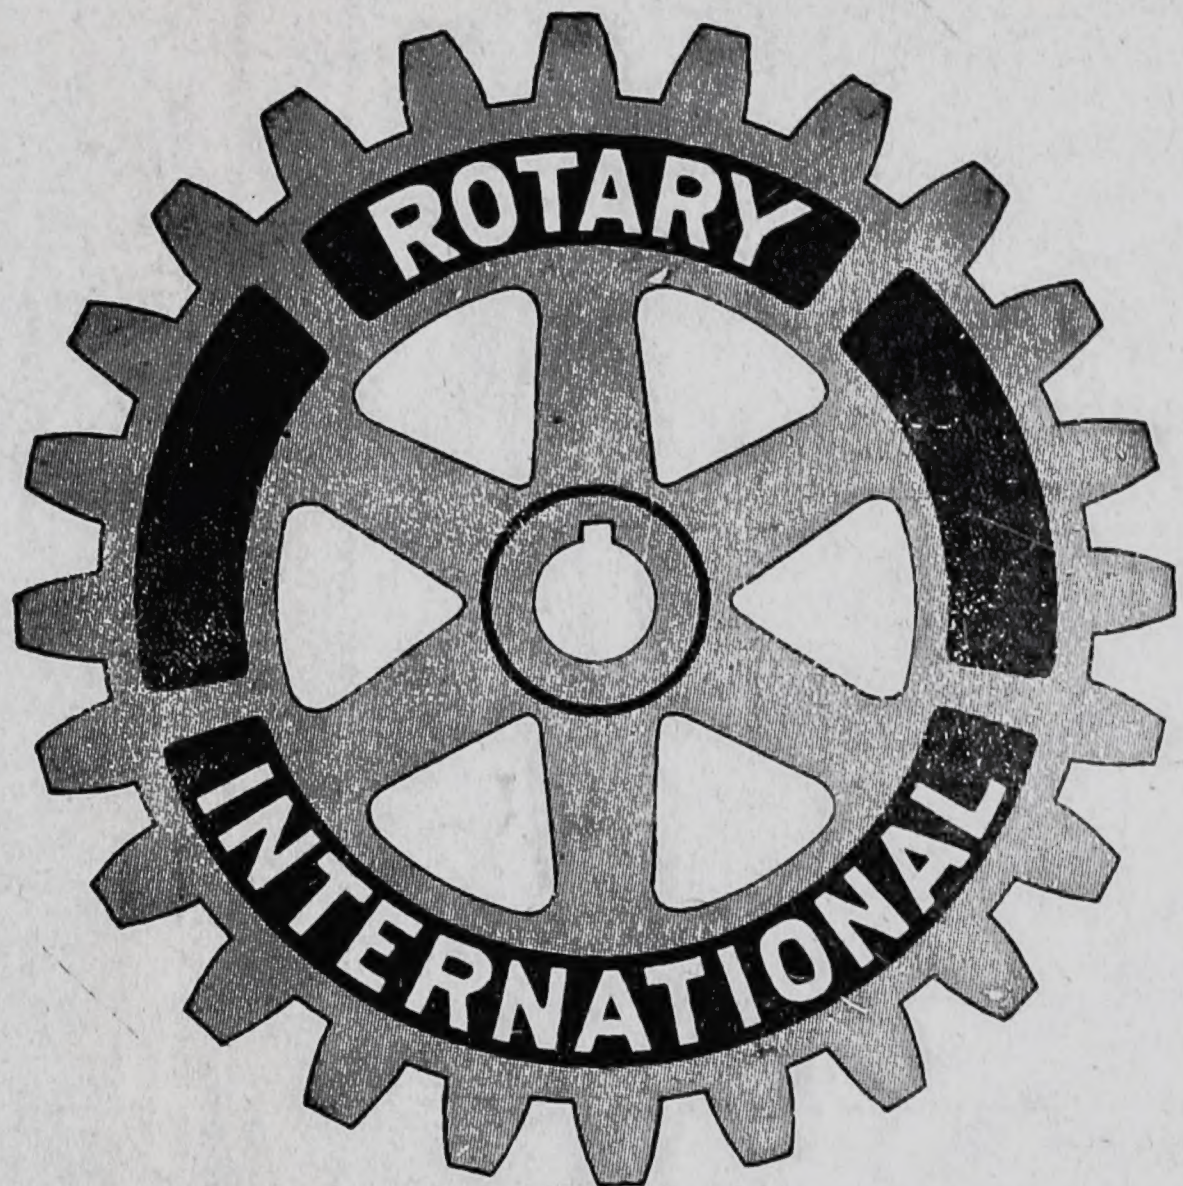

"The Fenelon Falls lift lock project will mean no unemployment there for at least a year with water and road travel returned to normal for the tourist season of 1962. This will include the

building of a new bridge. The island will be cleared of the present buildings with a lockmaster's house and landscaping to be a later project.

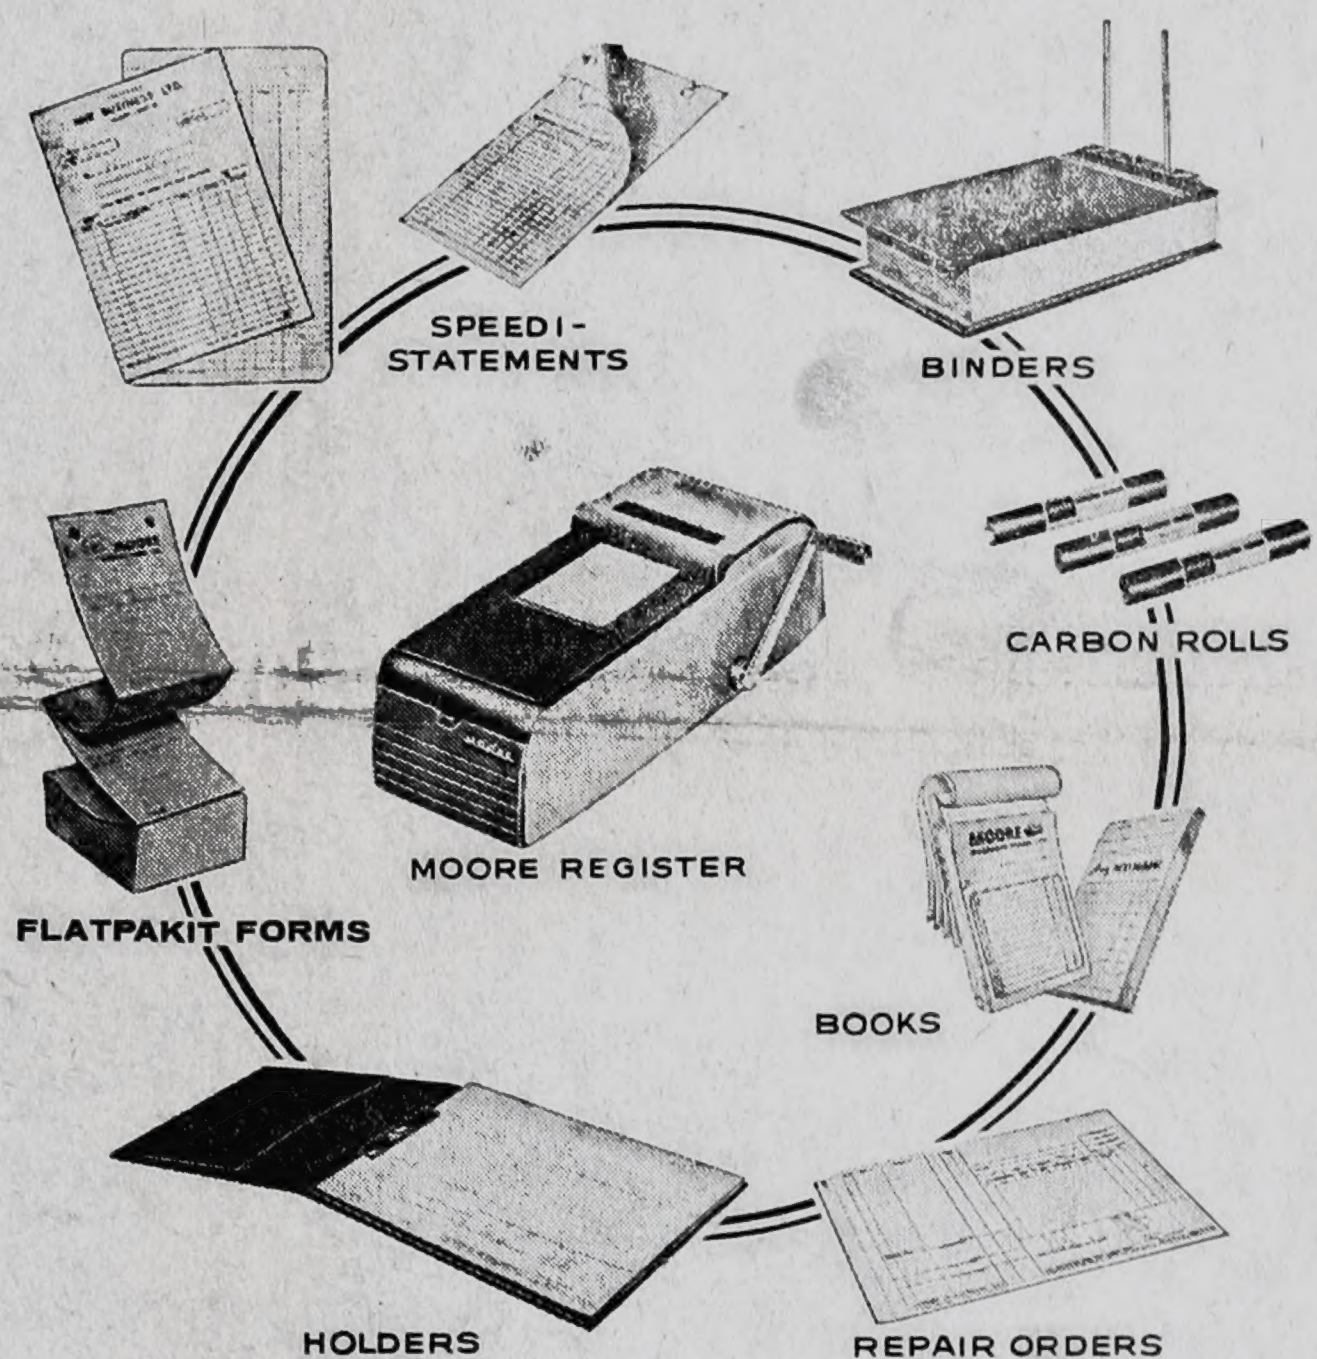

"The rest of the \$3 million is allocated to the lifting and straightening of the Bobcaygeon bridge to make a permanent job; a new bridge at Rosedale in a joint federal and provincial proposition; the dredging of Beaverton harbor and general repairs to the canal and a new bridge at Atherley on the Trans-Canada Highway," summed up Mr. Hodgson.

Speaking of the increasing popularity of the Trent canal for pleasure boats Mr. Hodgson stated that in 1945 when elected, less than 250 boats used the waterway. But hard work and advertising has now changed the picture until over 4,000 passed through in 1960. Of the hundreds of cabin cruisers locked through in 1960, one was 70 feet in length, another 67. With the installation of the new lift lock it will be possible to put such boats through in five minutes and several small boats can be lifted at one time, thus saving a tremendous amount of water, he further explained.

—Watchman-Warder.
